It really gives me immense pleasure to welcome you on the occasion of third Annual Function of Delhi Public School Nagbani, Jammu– (West). Though it is the third year of its inception, I am proud to say that the school has already set its pace with other Delhi Public Schools for the overall development of the children in terms of academics, sports and co-curricular activities.

All this has been possible only due to the sincere efforts of the Royal family whose vision, wisdom and missionary zeal inspired all stake holders to work with passion and commitment i.e. our Chairman/Sole Trustee Sh. Maharaja Kumar Ajatshatru Singh ji, Trustees - Kunwrani

Ritu Singh Ji, Rajkumari Adishree Singh ji and Rajkumar Ranvijay Singh ji.

We are very grateful to our honb'le Director Sh. S. S. Sodhi, it is because of his valuable guidance, encouragement and support that all this has been possible today. Thank you so much Sir being there for us 24X7.

Above all, I must share with you all that in J&K our Management is having the largest chain of Delhi Public Schools namely DPS Jammu, DPS Katra, DPS Leh, DPS Udhampur and DPS Nagbani, DPS Jammu being the core school and I am very grateful to Ms. Ruchi Chabra, Principal DPS Jammu for minute to minute support. Thank you Mam for being there, for our support.

We always feel proud working with The Delhi Public School Society, New Delhi which is a trade mark in the field of education and not only famous in India but also in abroad. Our guides and mentors are sitting in The DPS Society and guiding us from time to time for the overall development of the children and keep us busy for the betterment of the children.

From the humble beginning of DPS Nagbani we made in 2016, having crossed many measurable milestones, DPS Nagbani has been awarded with the Gold Rated Green School by IGBC, World and we remember with gratitude, every one of those who did their best to build this institute of excellence.

The progress of any institution depends on the committed faculty, supportive administrative staff and a large pool of resources, responsive students and above all cooperative parents. We are indeed very lucky to have all these elements.

Our Children are made to fly, they have an incredible potential in them. Children learn more by exploring, so let us all not be very protective towards our children.

In our annual function today, you would be seeing that each and every student comes on the stage. Our endeavour is to make them confident, to make them to imagine, and to dream because we believe if you can dream it, you can do it, and dear parents and my dear friends even I have a dream and we all can achieve if we work together, Here I am reminded of my favourite lines of Robert Frost:

**The woods are lovely, dark and deep,
But I have promises to keep, and miles to go
Before I sleep, and miles to go before I sleep.**

I am very grateful to you for having given your valuable time in spite of your busy schedule.

Once again, I accord a very warm welcome from the core of my heart to our hon'ble Chief Guest, other dignitaries and worthy parents. I request you what my little children said kindly enjoy the function till the end.

Thank You & Jai Hind
